Dear Mr. Weisberg:

Thanks for your letter and suggestions.

I had previously sent copies to Tom Bethel, Steve Burton, and Paul Hoch. I shall send them promptly to the others suggested by you.

You are right about citing authority and source. It honestly never occurred to me as the whole thing was done from the official Warren volumes and a 185-page mimeograph compilation of the National Archives.

I shall call you very soon and arrange to visit.

Sincerely yours,

Bud Fensterwald
